Senator,

I asked Shirley Brekken, the executive director of the Minnesota Board of Nursing, to look into Wisconsin's practice of certifying "nurse prescribers." According to her analysis, Wisconsin is more restrictive than Minnesota on this issue. This e-mail should be included with my memo if it is distributed to work group members.

Dave

Hi Dave,

The WI APRN authority to practice is actually in Rule and is titled "Certification of Advanced Practice Nurse Prescribers". I've attached the PDF file.

A brief overview:

Ø more restrictive than MN

Ø require written collaboration agreement (see N 8.10 and Ch 441.15 (2)(b))

Ø MS required after 1998 from accredited program

Ø 45 pharmacology contact hours (3 credits) evidence must be submitted

Ø Require 8 pharmacology CEUs per year

Ø License renewal q 2 years

Ø prescribing restrictions for amphetamine class

Ø can only dispense samples

Ø Jurisprudence Examination: All candidates are required to successfully complete an examination on Wisconsin Statutes and Rules relating to the practice of advanced practice nurse prescribers. This exam is available online at drl.wi.gov. Once we receive and process your application (Form #2124) and fee, we will mail you a logon ID number and password information.

Hope this is helpful.

Shirley Brekken

Chapter N 8

CERTIFICATION OF ADVANCED PRACTICE NURSE PRESCRIBERS

N 8.01	Authority and intent.	N 8.06	Prescribing limitations.
N 8.02	Definitions.	N 8.07	Prescription orders.
N 8.03	Qualifications for certification as an advanced practice nurse prescriber.	N 8.08	Malpractice insurance coverage.
N 8.04	Application procedure.	N 8.09	Dispensing.
N 8.05	Continuing education.	N 8.10	Case management and collaboration with other health care professionals.

N 8.01 Authority and intent. (1) The rules in this chapter are adopted pursuant to authority of ss. 15.08 (5) (b), 227.11 (2) and 441.16, Stats., and interpret s. 441.16, Stats.

(2) The intent of the board of nursing in adopting rules in this chapter is to specify education, training or experience that a registered nurse must satisfy to call himself or herself an advanced practice nurse; to establish appropriate education, training and examination requirements that an advanced practice nurse must satisfy to qualify for a certificate to issue prescription orders; to define the scope of practice within which an advanced practice nurse prescriber may issue prescription orders; to specify the classes of drugs, individual drugs or devices that may not be prescribed by an advanced practice nurse prescriber; to specify the conditions to be met for a registered nurse to administer a drug prescribed or directed by an advanced practice nurse prescriber; to establish procedures for maintaining a certificate to issue prescription orders, including requirements for continuing education; and to establish the minimum amount of malpractice insurance required of an advanced practice nurse prescriber.

History: Cr. Register, February, 1995, No. 470, eff. 3-1-95.

N 8.02 Definitions. As used in this chapter:

(1) "Advanced practice nurse" means a registered nurse who possesses the following qualifications:

(a) The registered nurse has a current license to practice professional nursing in this state, or has a current license to practice professional nursing in another state which has adopted the nurse licensure compact;

(b) The registered nurse is currently certified by a national certifying body approved by the board as a nurse practitioner, certified nurse-midwife, certified registered nurse anesthetist or clinical nurse specialist; and,

(c) For applicants who receive national certification as a nurse practitioner, certified nurse-midwife, certified registered nurse anesthetist or clinical nurse specialist after July 1, 1998, the registered nurse holds a master's degree in nursing or a related health field granted by a college or university accredited by a regional accrediting agency approved by the board of education in the state in which the college or university is located.

(2) "Advanced practice nurse prescriber" means an advanced practice nurse who has been granted a certificate to issue prescription orders under s. 441.16 (2), Stats.

(3) "Board" means the board of nursing.

(4) "Clinical pharmacology/therapeutics" means the identification of individual and classes of drugs, their indications and contraindications, their likelihood of success, their side-effects and their interactions, as well as, clinical judgment skills and decision-making, based on thorough interviewing, history-taking, physical assessment, test selection and interpretation, pathophysiology, epidemiology, diagnostic reasoning, differentiation of conditions, treatment decisions, case evaluation and non-pharmacologic interventions.

(5) "Collaboration" means a process which involves 2 or more health care professionals working together, in each other's presence when necessary, each contributing one's respective area

of expertise to provide more comprehensive care than one alone can offer.

(6) "Health care professional" has the meaning given under s. 180.1901 (1m), Stats.

(6m) "One contact hour" means a period of attendance in a continuing education program of at least 50 minutes.

(7) "Patient health care record" has the meaning given under s. 146.81 (4), Stats.

History: Cr. Register, February, 1995, No. 470, eff. 3-1-95; CR 00-168: cr. (6m), Register August 2001 No. 548, eff. 9-1-01; CR 01-046: am. (1) (a), Register October 2001 No. 550, eff. 11-1-01.

N 8.03 Qualifications for certification as an advanced practice nurse prescriber. An applicant for initial certification to issue prescription orders shall be granted a certificate by the board if the applicant complies with all of the following:

(1) Has a current license to practice as a professional nurse in this state or has a current license to practice professional nursing in another state which has adopted the nurse licensure compact.

(2) Is currently certified by a national certifying body approved by the board as a nurse practitioner, certified nurse-midwife, certified registered nurse anesthetist or clinical nurse specialist.

(3) For applicants who receive national certification as a nurse practitioner, certified nurse-midwife, certified registered nurse anesthetist or clinical nurse specialist after July 1, 1998, holds a master's degree in nursing or a related health field granted by a college or university accredited by a regional accrediting agency approved by the state board of education in the state in which the college or university is located.

(4) Has completed at least 45 contact hours in clinical pharmacology/therapeutics within 3 years preceding the application for a certificate to issue prescription orders.

(5) Has passed a jurisprudence examination for advanced practice nurse prescribers.

History: Cr. Register, February, 1995, No. 470, eff. 3-1-95; CR 01-046: am. (1), Register October 2001 No. 550, eff. 11-1-01.

N 8.04 Application procedure. An applicant for a certificate to practice as an advanced practice nurse prescriber shall file a completed notarized application on a form provided by the board. The application shall include:

(1) The signature of the applicant.

(2) The fee specified under s. 440.05 (1), Stats.

(3) Evidence of current certification by a national certifying body approved by the board as a nurse practitioner, certified nurse-midwife, certified registered nurse anesthetist or clinical nurse specialist.

(4) For applicants who receive national certification as a nurse practitioner, certified nurse-midwife, certified registered nurse anesthetist or clinical nurse specialist after July 1, 1998, certification of the grant of a master's degree in nursing or a related health field from, and submitted directly to the board by a college or university accredited by a regional accrediting agency approved by

Unofficial Text (See Printed Volume). Current through date and Register shown on Title Page.

(3) Advanced practice nurse prescribers shall facilitate referral of patient health care records to other health care professionals and shall notify patients of their right to have their health care records referred to other health care professionals.

(4) Advanced practice nurse prescribers shall provide a summary of a patient's health care records, including diagnosis, surgeries, allergies and current medications to other health care providers as a means of facilitating case management and improved collaboration.

(5) The board shall promote communication and collaboration among advanced practice nurses, physicians and other health care professionals, including notification to advanced practice nurses of mutual educational opportunities and available communication networks.

(6) To promote case management, the advanced practice nurse prescriber may order laboratory testing, radiographs or electrocardiograms appropriate to his or her area of competence as established by his or her education, training, or experience.

(7) Advanced practice nurse prescribers shall work in a collaborative relationship with a physician. The collaborative relationship is a process in which an advanced practice nurse prescriber is working with a physician, in each other's presence when necessary, to deliver health care services within the scope of the practitioner's professional expertise. The advanced practice nurse prescriber and the physician must document this relationship.

History: Cr. Register, February, 1995, No. 470, eff. 3-1-95; cr. (6) and (7), Register, October, 2000, No. 538, eff. 11-1-00.
