1. Funding Under The Patient Protection And Affordable Care Act Available to This Organization

Program Name and Federal Cite	Dollar Amount Applied for (A), Received (R), or Available but Not Applied For (NAF) (Please indicate (A), (R), or (NAF))	Program Description and Purpose	Anticipated Number of New Practitioners and Timeframe (annually, onetime, etc.)	Matching and MOE Provisions	Funding Effective Date, Including Anticipated Response Date for Funds Not Yet Awarded	Notes
The State Health Care Workforce Development Planning Grant is authorized under Section 5102 of the Affordable Care Act (P.L. 111-148)	(A) \$149,599 (R) \$149,599	The program authorizes funds for States to plan activities leading to health care workforce development strategies at the State and local levels. These activities are expected to lead to a ten percent to twenty-five percent increase in the primary care health workforce over a ten year period, and applicants will be expected to address how the activities will lead to the expected increases in health workforce.	One-time planning grant	Requirement to provide an amount, in cash or in kind, that is not less than 15 percent of the amount of the grant, to carry out the activities supported by the grant. The matching requirement may be provided from funds available under other Federal, State, local or private sources to carry out the activities.	9/30/2010 through 9/29/2011	Minnesota was eligible to apply for a Planning Grant or an Implementation Grant (see below). Because Minnesota did not already have a comprehensive plan, and because 30 planning grants and only 1 implementation grant were to be awarded nationally, Minnesota chose to apply for the planning grant. The Department of Employment and Economic Development is the fiscal agent for the grant. HealthForce Minnesota will be providing project management for the grant. It is unknown at this time if there will be additional federal funds available for implementation at this time.
The State Health Care Workforce Development Implementation Grant is authorized under Section 5102 of the Affordable Care Act (P.L. 111-148)	(NAF) 3,000,000	The program authorizes funds for States to implement activities leading to health care workforce development strategies at the State and local levels. <i>Information Technology Professionals in Health Care: Program of Assistance for University-Based Training</i> grants, funded under section 3016 of the Public Health Service Act, as added by the American Recovery and Reinvestment Act of 2009 (Recovery Act), Public Law 111-5	\$1,547,750 (R)	<i>UP-HI: University Partnerships for Health Informatics Training</i> is a private-public partnership that builds on the strengths of existing HIT programs to increase the number of Minnesota graduates entering careers as: Clinical/Public Health Leaders; Health Information Management and Exchange Specialists; Health Information Privacy and Security Specialists; Research and Development Specialists;	12 nursing informatics certificates, 5 master's degrees in health information management/health information exchange, and 60 graduate certificates in HIM/HIE. The time for completion of the masters degrees is two years	None	September 1, 2010	This public-private partnership between the University of Minnesota (Minneapolis and Crookston campuses) and The College of St. Scholastica represents a high level of resource-sharing that will positively affect healthcare and workforce development. The key variables that stimulate students to pursue these degrees and certificates are the tuition and

		Programmers and Software Engineers; and Health Information Technology Sub-Specialists.	from this fall and the certificates in HIM/HIE will be completed in 1-1.5 years, depending on start date. The nursing informatics certificate completion date will be approximately one year from the start date of January 2011.			stipend packages. Qualified and interested students are now able to pursue the education needed to manage the HIT challenges and enhancements in healthcare. The need for and desirability of these programs is evident in the fact that most of the slots, intended for a three-year time frame, will be filled in the first year of offering.
						The majority of these programs will be delivered online and are therefore accessible to urban, rural and other students for whom travel is difficult.
American Recovery and Reinvestment Act of 2009, Title XIII - Health Information Technology, Subtitle B— Incentives for the Use of Health Information Technology, Section 3012, Health Information Technology Implementation Assistance Health Information Technology Extension Program: Regional Centers Cooperative Agreement Program	\$19 million (R) plus \$1.4 million small and rural hospital supplement (R)	<i>REACH: Regional Extension Assistance Center for Health Information Technology</i> will help healthcare providers improve the quality and value of care they deliver through adopting and meaningfully using health information technology (HIT). The project focuses on rural and small urban practices for medically underserved patients and areas.	10-15 new HIT field staff positions, 2-4 years Opportunities for internships for other federally funded programs	10 percent in years 1-2 90 percent in years 3-4	2/8/2010 9/2010 (hospital supplement)	Key Health Alliance (KHA)— Stratis Health, National Rural Health Resource Center, and The College of St. Scholastica are partners, with Stratis serving as the lead organization. This project is an example of partnerships across public and private organizations as well as between non-profits with complementary missions.
